CONTENIDOS

METODOLOGÍA

The methodology has been developed by UNED. It combines on-line formation with the use of books, articles, webpages... and all kind of references accessible to the student by UNED's Library, Associated Centres, and Alf –specific on-line platform created by the University-.

The student should employ internet in order to think up his working paper.

There is a chat to discuss the main topics and news related to European Union Banking.

SISTEMA DE EVALUACIÓN

BIBLIOGRAFÍA BÁSICA

There is not a specific book explaining the European Financial System. But you can study its origins and how it works in ECB webpage. <https://www.ecb.europa.eu/ecb/html/index.es.html> Since the European Financial System is very dynamic and it is changing every day, especially after the Great Recession of 2008 and the active role played by the ECB, interesting new references for the students will be included in Alf's "Documentos" Section. It is highly recommended to consult that folder from time to time.

Here you have some specific references.
